## Nantes, city of art de vivre and avant-garde...

As a competitive, innovative metropole, Nantes is pursuing a policy of excellence in the biotechnologies/health, complex composite and metallic materials, information and communication technologies and cultural and creative industries.

Nantes' ambition is for its Art and Lifestyle District to emerge as a European centre of excellence in the lifestyle- and eco-design-oriented creative economy sphere.

As a metropole mustering talent and knowledge, Nantes offers the academic world a pleasant, attractive environment, supporting its facilities, hosting highly reputed scientific events and backing research in the public and private sectors.

51,000 students  
8 Grandes Écoles
